

Personal Data Processing Policy sending advertising newsletters

InteriseGroup Limited Liability Company, TIN 9709081581, KPP 770901001, OGRN 1227700317437, legal address: 109316, Moscow, Volgogradsky Prospekt, 1, building 1, sq. 47 (hereinafter: **Operator/Advertising Distributor**), represented by Aleksei Veretenov, General Director, approved this Regulation on the processing of personal data and sending advertising newsletters (hereinafter **referred to as the Regulation**) (approved by Order of the General Director No. 20260423-1 of 23.04.2026) in accordance with the requirements of the current legislation of the Russian Federation. The Regulation contains three sections: General Provisions, Section 1 and Section 2 applied separately from each other, namely: the personal data processing policy and the procedure for sending advertising newsletters.

General provisions

1. These Regulations are drawn up in compliance with the requirements of the current legislation of the Russian Federation and come into force from the moment of issuing the Director's Order.
2. This Regulation is subject to publication on the Internet site <https://interisegroup.com/>.
3. This Regulation applies from the moment of publication.

Section 1 of the Regulations. Personal Data Processing Policy

1. General provisions

- 1.1. This Operator's Personal Data Processing Policy (hereinafter referred to as the Policy) is developed in compliance with the requirements of Clause 2, Part 1, Article 18.1 of Federal Law No. 152-FZ of 27.07.2006 "On Personal Data" (hereinafter referred to as the Personal Data Law) in order to ensure the protection of human and civil rights and freedoms when processing their personal data, including protection of the rights to privacy, personal and family secrets.
- 1.2. The Policy applies to all personal data processed by the Operator.
- 1.3. The Policy applies to relations in the field of personal data processing that have arisen with the Operator both before and after the approval of this Policy.
- 1.4. In compliance with the requirements of Part 2 of Article 18.1 of the Law on Personal Data, this Policy is published freely in the information and telecommunications network of the Internet on the Operator's website specified in paragraph 2 of the General Regulations.

1.5. Basic concepts and definitions:

personal data - any information relating directly or indirectly to a specific or identifiable natural person (subject of personal data);

personal data operator (operator) - a legal entity that independently or jointly with other persons organizes and / or performs the processing of personal data, as well as determines the purposes of processing personal data, the composition of personal data to be processed, actions (operations) performed with personal data;

processing of personal data - any action (operation) or a set of actions (operations) with personal data performed with or without the use of automation tools. Processing of personal data includes but is not limited to: collection; recording; systematization; accumulation; storage; clarification (updating, modification); extraction; use; transfer (distribution, provision, access); depersonalization; blocking; deletion; destruction.

automated processing of personal data - processing of personal data using computer technology;

dissemination of personal data - actions aimed at disclosing personal data to an indefinite group of persons;

provision of personal data - actions aimed at disclosing personal data to a certain person or a certain group of persons;

blocking of personal data - temporary termination of processing of personal data (except for cases when processing is necessary to clarify personal data);

destruction of personal data - actions that make it impossible to restore the content of personal data in the personal data information system and (or) as a result of which the material carriers of personal data are destroyed;

depersonalization of personal data - actions that make it impossible to determine whether personal data belongs to a specific personal data subject without using additional information;

personal data information system - a set of personal data contained in databases and information technologies and technical means that ensure their processing.

1.6. Basic rights and obligations of the Operator

1.6.1. The Operator has the right to:

- independently determine the composition and list of measures necessary and sufficient to ensure the fulfillment of obligations stipulated by the Law on Personal Data and regulatory legal acts adopted in accordance with it, unless otherwise provided by the Law on Personal Data or other federal laws;
- assign the processing of personal data to another person with the consent of the personal data subject, unless otherwise provided by federal law, on the basis of a contract concluded with this person. The person who processes personal data on behalf of the Operator is obliged to comply with the principles and rules for processing personal data provided for in the Personal Data Law, to respect the confidentiality of personal data, and to take the necessary measures aimed at ensuring the fulfillment of obligations provided for in the Personal Data Law;

- if the personal data subject withdraws consent to the processing of personal data, the Operator has the right to continue processing personal data without the consent of the personal data subject, if there are grounds specified in the Personal Data Law.

1.6.2. The Operator must:

- organize the processing of personal data in accordance with the requirements of the Law on Personal Data;
- respond to requests and requests from personal data subjects and their legal representatives in accordance with the requirements of the Personal Data Law;
- report to the authorized body for the protection of the rights of personal data subjects (Federal Service for Supervision of Communications, Information Technologies and Mass Communications (Roskomnadzor)) at the request of this body, the necessary information is provided within 10 business days from the date of receipt of such request. This period may be extended, but not for more than five business days. To do this, the Operator must send a reasoned notification to Roskomnadzor indicating the reasons for extending the deadline for providing the requested information;
- in accordance with the procedure established by the federal executive body authorized in the field of security, to ensure interaction with the state system for detecting, preventing and eliminating the consequences of computer attacks on information resources of the Russian Federation, including informing it about computer incidents that entailed the illegal transfer (provision, distribution, access) of personal data.

1.7. Basic rights of the personal data subject

1.7.1. The personal data subject has the right to:

- receive information related to the processing of their personal data, with the exception of cases stipulated by federal laws. Information is provided to the personal data subject by the Operator in an accessible form, and it should not contain personal data related to other personal data subjects, except in cases where there are legal grounds for disclosure of such personal data. The list of information and the procedure for obtaining it is established by the Law on Personal Data;
- require the Operator to clarify their personal data, block or destroy them if the personal data is incomplete, outdated, inaccurate, illegally obtained or not necessary for the stated purpose of processing, as well as take measures provided for by law to protect their rights;
- give prior consent to the processing of personal data in order to promote goods, works and services on the market;
- appeal to Roskomnadzor or in court against illegal actions or omissions of the Operator when processing their personal data.

1.8. Control over the implementation of the requirements of this Policy is carried out by an authorized person responsible for organizing the processing of personal data by the Operator.

1.9. Liability for violation of the requirements of the legislation of the Russian Federation and regulatory acts by the Operator in the field of processing and protecting personal data is determined in accordance with the legislation of the Russian Federation.

2. Purposes of personal data collection

2.1. The processing of personal data is limited to the achievement of specific, pre-defined and legitimate purposes. Processing of personal data that is incompatible with the purposes of personal data collection is not allowed.

2.2. Only personal data that meets the purposes of their processing are subject to processing.

2.3. The processing of personal data by the Operator is carried out for the following purposes: carrying out the Operator's activities in accordance with the charter, including the conclusion and execution of contracts; execution of labor legislation within the framework of labor and other directly related relations, including:: assistance to employees in finding employment, obtaining education and promotion, attracting and selecting candidates for work with the Operator, ensuring personal safety of employees, monitoring the quantity and quality of work performed/services rendered, ensuring the safety of property, maintaining personnel and accounting records, filling out and submitting required reporting forms to authorized bodies, organizing individual registration (personalized) registration of employees in the systems of compulsory pension insurance and compulsory social insurance; informational interaction with potential clients; sending advertising information (including advertising mailing), subject to obtaining the prior consent of the addressee.

2.4. The processing of personal data of employees may be carried out exclusively for the purpose of ensuring compliance with laws and other regulatory legal acts.

2.5. The processing of personal data of consumers/customers/contractors (individuals) may be carried out exclusively for the purpose of concluding and executing contracts and / or sending advertising information (including advertising newsletters), provided that the addressee receives prior consent.

3. Legal grounds for processing personal data

3.1. The legal basis for the processing of personal data is a set of regulatory legal acts, pursuant to which and in accordance with which the Operator processes personal data, including:: The Constitution of the Russian Federation; The Civil Code of the Russian Federation; The Labor Code of the Russian Federation; The Tax Code of the Russian Federation; The Federal Law of 08.02.1998 No. 14-FZ "On Limited Liability Companies"; The Federal Law of 06.12.2011 No. 402-FZ "On Accounting"; The Federal Law of 15.12.2001 No. 167-FZ "On Compulsory Accounting". pension Insurance in the Russian Federation"; Federal Law No. 38-FZ of 13.03.2006 "On Advertising"; other regulatory legal acts regulating relations related to the Operator's activities.

3.2. The legal grounds for processing personal data are also: the Operator's charter; contracts concluded between the Operator and personal data subjects; consent of personal data subjects to the processing of their personal data; consent of the personal data subject (addressee) to receive advertising information (including advertising mailing).

4. Scope and categories of personal data processed, categories of personal data subjects

4.1. The content and scope of the personal data processed must correspond to the stated purposes of processing provided for in paragraph 2 of sec. 1 Provisions. The personal data processed should not be redundant in relation to the stated purposes of their processing.

4.2. The Operator may process personal data of the following categories of personal data subjects:

4.2.1. Candidates for employment with an Operator - for the purposes of implementing labor legislation within the framework of labor and other directly related relations, and implementing a pass regime:

- last name, first name, patronymic;
- gender.
- citizenship;
- date and place of birth.
- contact information (email address and phone number);
- information about education, work experience, and qualifications.
- other personal data provided by candidates in their resumes and cover letters.

4.2.2. Employees and former employees of the Operator – for the purposes of implementing labor legislation in the framework of labor and other relations directly related to it, as well as the implementation of a pass regime:

- last name, first name, patronymic;
- gender.
- citizenship;
- date and place of birth.
- image (photo).
- passport data;
- address of registration at the place of residence;
- actual residential address.
- contact information (email address and phone number);
- individual taxpayer number;
- insurance number of the individual personal account (SNILS);
- information about education, qualifications, professional training and advanced training;
- marital status, presence of children, family ties;
- information about employment, including the existence of incentives, awards, and / or disciplinary penalties;
- data on marriage registration;
- information about military registration;
- information about disability;
- information about withholding alimony;
- information about income from the previous place of work.
- other personal data provided by employees in accordance with the requirements of labor legislation.

4.2.3. Family members of the Operator's employees – for the purposes of implementing labor legislation in the framework of labor and other relations directly related to it:

- last name, first name, patronymic;
- degree of kinship;
- year of birth.
- other personal data provided by employees in accordance with the requirements of labor legislation.

4.2.4. Clients (individuals) (customers, etc.) and contractors (individuals) (performers, contractors, etc.) of the Operator – for the purposes of preparing, concluding and executing contracts, and/or information and consulting interaction between the parties, and/or promoting services on the market:

- last name, first name, patronymic;
- date and place of birth.
- passport data;
- address of registration at the place of residence;
- contact information (email address and phone number);
- current position;
- information about education, qualifications, professional training and advanced training;
- individual taxpayer number;
- current account number.
- other personal data provided by clients and contractors (individuals) that is necessary for the conclusion and execution of contracts.

4.2.5. Employees of legal entities and individual entrepreneurs who are clients of the Operator (customers, etc.), and employees of legal entities and individual entrepreneurs who are contractors of the Operator (performers, contractors, etc.) – for the purposes of preparing, concluding and executing contracts, and/or information and consulting interaction between the parties, and / or promoting services on the Operator's website. on the market:

- last name, first name, patronymic;
- passport data;
- contact information (email address and phone number);
- current position;
- other personal data provided by representatives (employees) of clients and contractors that are necessary for the conclusion and execution of contracts.

4.2.6. Employees of legal entities and individual entrepreneurs who are potential customers and/or contractors of the Operator – for the purposes of preparing, concluding and executing contracts, and/or providing information and consulting interaction between the parties, and/or promoting services on the market:

- last name, first name, patronymic;
- contact information (email address and phone number);
- current position;
- other personal data provided by representatives (employees) of clients and contractors that are necessary for the conclusion and execution of contracts.

4.2.7. Individuals (other representatives) of clients and contractors, including those who cooperate under civil contracts, act on the basis of a power of attorney or on other grounds, who have entered personal data on the site – for the purposes of preparing, concluding and executing contracts, and/or information and consulting interaction between the parties, and/or promoting services on the market and / or providing access to the services, information and / or materials contained on the site:

- last name, first name, patronymic;
- contact information (email address and phone number);
- current position;
- other personal data provided by representatives (employees) of clients and contractors that are necessary for the conclusion and execution of contracts.

4.2.8. Site users (individuals) who have entered personal data on the site - for the purposes of preparing, concluding and executing contracts, and/or informational and consulting interaction between the parties, and/or promoting services on the market and/or providing access to services, information and/or materials contained on the site:

- last name, first name.
- contact information (phone number, email address).

4.3. The Operator does not process special categories of personal data related to race, nationality, political views, religious or philosophical beliefs, health status, or intimate life, except in cases stipulated by the legislation of the Russian Federation.

5. Procedure and conditions for processing personal data

5.1. Personal data is processed by the Operator in accordance with the requirements of the legislation of the Russian Federation.

5.2. The processing of personal data is carried out with the consent of the subjects of personal data to the processing of their personal data, as well as without such consent in cases stipulated by the legislation of the Russian Federation.

5.3. The Operator processes personal data for each purpose of their processing in the following ways:

automated processing of personal data;

automated processing of personal data with or without transmission of the received information via information and telecommunication networks;

mixed processing of personal data.

5.4. Employees of the Operator whose job responsibilities include personal data processing are allowed to process personal data.

5.5. Processing of personal data for each processing purpose specified in clause 2.3 of Section 1 of the Regulation is carried out by:

receiving personal data orally and in writing directly from the subjects of personal data;

entering personal data in the Operator's logs, registers and information systems;

use of other methods of processing personal data.

5.6. Disclosure and dissemination of personal data to third parties is prohibited without the consent of the personal data subject, unless otherwise provided by federal law. Consent to the processing of personal data authorized for distribution by the personal data subject is issued separately from other consents of the personal data subject to the processing of his / her personal data.

The requirements for the content of consent to the processing of personal data allowed by the personal data subject for distribution are approved by Roskomnadzor Order No. 18 of 24.02.2021.

5.7. Transfer of personal data to the bodies of inquiry and investigation, the Federal Tax Service, the Social Fund of Russia and other authorized executive authorities and organizations is carried out in accordance with the requirements of the legislation of the Russian Federation.

5.8. The Operator takes the necessary legal, organizational and technical measures to protect personal data from unauthorized or accidental access, destruction, modification, blocking, distribution and other unauthorized actions, including:

identifies threats to the security of personal data when processing them;

adopts local regulations and other documents regulating relations in the field of personal data processing and protection;

appoints persons responsible for ensuring the security of personal data in the Operator's structural divisions and information systems;
creates the necessary conditions for working with personal data;
organizes accounting of documents containing personal data;
organizes work with information systems that process personal data;
stores personal data in conditions that ensure their safety and prevent unauthorized access to them;
organizes training of the Operator's employees who process personal data.

5.9. The operator stores personal data in a form that makes it possible to determine the subject of personal data, no longer than each purpose of processing personal data requires, unless the period of storage of personal data is established by federal law or contract.

5.9.1. Personal data on paper carriers are stored by the Operator for the period of storage of documents for which these terms are provided by the legislation on Archival affairs in the Russian Federation (Federal Law No. 125-FZ of 22.10.2004 "On Archival Affairs in the Russian Federation", a list of standard administrative archival documents formed in the course of the activities of state bodies, local self-government bodies, etc.). organizations, indicating the terms of their storage (approved by Rosarkhiv Order No. 236 of 20.12.2019)).

5.9.2. The period of storage of personal data processed in personal data information systems corresponds to the period of storage of personal data on paper.

5.10. The Operator terminates the processing of personal data in the following cases:

the fact of their illegal processing was revealed. Term - within three working days from the date of detection.

the goal of processing them has been achieved.

the personal data subject's consent to the processing of this data has expired or been withdrawn, when according to the Law on Personal Data, the processing of this data is allowed only with consent.

5.11. When the purposes of personal data processing are achieved, as well as if the personal data subject withdraws consent to their processing, the Operator stops processing this data if:

otherwise is not provided for in the contract поручителемto which the personal data subject is a party, beneficiary or guarantor;

The Operator does not have the right to process personal data without the consent of the subject on the grounds provided for by the Law on Personal Data or other federal laws;

no other agreement between the Operator and the personal data subject provides otherwise.

5.12. If a personal data subject applies to the Operator with a request to stop processing personal data within a period not exceeding 10 business days from the date of receipt of the relevant request by the Operator, the processing of personal data is terminated, except in cases stipulated by the Personal Data Law. The specified period may be extended, but not for more than five business days. To do this, the Operator must send a reasoned notification to the personal data subject indicating the reasons for extending the deadline.

5.13. When collecting personal data, including through the information and telecommunications network Internet, the Operator ensures recording, systematization, accumulation, storage, clarification (updating, modification), extraction of personal data of citizens of the Russian Federation using databases located on the territory of the Russian Federation, except for the cases specified in the Law on Personal Data.

5.14. Upon termination of personal data processing, the Operator draws up an Act on termination of personal data processing.

6. Updating, correcting, deleting, destroying personal data, responding to requests from subjects for access to personal data

6.1. Confirmation of the fact of personal data processing by the Operator, the legal grounds and purposes of personal data processing, as well as other information specified in Part 7 of Article 14 of the Personal Data Law, are provided by the Operator to the personal data subject or his representative within 10 working days from the moment of applying or receiving the request of the personal data subject or his representative. This period may be extended, but not for more than five business days. To do this, the Operator should send a reasoned notification to the personal data subject indicating the reasons for extending the deadline for providing the requested information.

The information provided does not include personal data related to other personal data subjects, except in cases where there are legal grounds for disclosure of such personal data.

The request must contain:

- number of the main identity document of the personal data subject or his representative, information about the date of issue of the specified document and the issuing authority;
- information confirming the personal data subject's participation in relations with the Operator (contract number, date of conclusion of the contract, conditional word designation and /or other information), or information otherwise confirming the fact of personal data processing by the Operator;
- signature of the personal data subject or their representative.

The request can be sent in the form of an electronic document and signed with an electronic signature in accordance with the legislation of the Russian Federation.

The Operator provides the information specified in Part 7 of Article 14 of the Personal Data Law to the personal data subject or his representative in the form in which the relevant request or request is sent, unless otherwise specified in the request or request.

If the request (request) of the personal data subject does not reflect all the necessary information in accordance with the requirements of the Law on Personal Data, or the subject does not have access rights to the requested information, then a reasoned refusal is sent to him.

The right of a personal data subject to access his / her personal data may be restricted in accordance with Part 8 of Article 14 of the Personal Data Law, including if the personal data subject's access to his / her personal data violates the rights and legitimate interests of third parties.

6.2. If inaccurate personal data is identified when a personal data subject or his representative applies, or at their request or at the request of Roskomnadzor, the Operator blocks personal data related to this personal data subject from the moment of such request or receipt of the specified request for the verification period, if blocking personal data does not violate the rights and legitimate interests of the personal data subject or third parties.

If the fact of inaccuracy of personal data is confirmed, the Operator, based on information provided by the personal data subject or his representative or Roskomnadzor, or other necessary documents, clarifies the personal data within seven working days from the date of submission of such information and removes the blocking of personal data.

6.3. In case of detection of illegal processing of personal data when applying (requesting) a personal data subject or his representative or Roskomnadzor, the Operator blocks illegally processed personal data related to this personal data subject from the moment of such request or receipt of the request.

6.4. If the Operator, Roskomnadzor or any other interested party identifies the fact of illegal or accidental transfer (provision, distribution) of personal data (access to personal data), which resulted in a violation of the rights of personal data subjects, the Operator:

- within 24 hours - notifies Roskomnadzor of the incident that occurred, the alleged causes that led to the violation of the rights of personal data subjects, the alleged harm caused to the rights of personal data subjects, and the measures taken to eliminate the consequences of the incident, as well as provides information about the person authorized by the Operator to interact with Roskomnadzor on issues related to the incident;
- within 72 hours - notifies Roskomnadzor of the results of an internal investigation of the identified incident and provides information about the persons whose actions caused it (if any).

6.5. Procedure for destruction of personal data by the Operator.

6.5.1. Terms and conditions of personal data destruction by the Operator:

- achievement of the purpose of personal data processing or loss of the need to achieve this goal - within 30 days;
- reaching the maximum retention period for documents containing personal data - within 30 days;
- providing the personal data subject (his representative) with confirmation that the personal data was obtained illegally or is not necessary for the stated purpose of processing - within 7 business days;
- revocation by the personal data subject of consent to the processing of their personal data, if their retention for the purpose of their processing is no longer required, - within 30 days;
- in case of detection of illegal processing of personal data, if it is impossible to ensure its legality, - within 10 working days from the date of detection of illegal processing of personal data;
- when a personal data subject requests that the processing of personal data be terminated, within no more than 10 business days from the date of receipt of such a request, with the exception of certain cases. This period may be extended, but not for more than 5 business days.

6.5.2. When the purpose of personal data processing is achieved, as well as if the personal data subject withdraws consent to their processing, personal data is subject to destruction if:

- otherwise is not provided for in the contract поручителем to which the personal data subject is a party, beneficiary or guarantor, or in any other agreement;
- The Operator does not have the right to process personal data without the consent of the subject on the grounds provided for by the Law on Personal Data or other federal laws;
- no other agreement between the Operator and the personal data subject provides otherwise.

6.5.3. The destruction of personal data is carried out by a commission established by the order of the Operator's General Director. The order is drawn up in any form and specifies:: the composition of the commission – the chairman and its members, the purpose of creating the commission, its functions, terms of its work, what personal data and on what media (paper, electronic) are subject to destruction and at what time, ways to destroy personal data on paper (electronic media) and other necessary information. The list of documents (carriers) to be destroyed compiled by the commission must be checked against the entries in the Act on Termination of Personal Data Processing and on the specified documents (carriers).

6.5.4. Methods of personal data destruction (can be specified on the basis of local regulatory acts of the Operator, including for the destruction of specific personal data):

- for paper carriers of personal data-cutting, hydrotreating, incineration (subject to safety and fire safety regulations), mechanical destruction (passing documents through a shredder with a 5th or 6th degree of shredding);
- for electronic media – erasing the guaranteed destruction of information on the device, physical destruction of disk chips, etc.;
- for the server database – deletion of personal data with the involvement of specialists from IT companies that have signed documents on the processing of personal data of the Operator's clients.

6.5.5. When personal data is destroyed, an Act on the destruction of personal data (for processing personal data without using automation tools) or an Act on the destruction of personal data is drawn up and uploaded from the event

log in the personal data information system. the act of personal data destruction must be kept for a period of 3 (three) years. years from the date of destruction of personal data.

6.5.6. The act of personal data destruction must contain:

- name (legal entity) or surname, first name, patronymic (if any) (individual) and address of the operator;
- name (legal entity) or surname, first name, patronymic (if any) (of an individual), address of persons processing personal data on behalf of the operator (if processing was entrusted to such persons);
- last name, first name, patronymic (if any) of the subjects or other information related to certain individuals whose personal data was destroyed;
- last name, first name, patronymic (if any), position of the persons who destroyed the personal data of the personal data subject, as well as their signature;
- list of categories of personal data destroyed;
- the name of the destroyed physical media containing personal data, indicating the number of sheets for each material carrier (in the case of processing personal data without using automation tools);
- name of the personal data information systems from which personal data was deleted (in the case of processing personal data using automation tools);
- method of personal data destruction;
- the reason for the destruction of personal data;
- date of destruction of personal data.

At the same time, an act on the destruction of personal data in electronic form, signed with an electronic signature in accordance with the established procedure, is recognized as an electronic document equivalent to an act on the destruction of personal data on paper, signed with a handwritten signature.

6.5.7. The log upload should contain:

- last name, first name, patronymic (if any) of the subjects or other information related to certain individuals whose personal data was destroyed;
- list of categories of personal data destroyed;
- name of the personal data information system from which the personal data was deleted;
- the reason for the destruction of personal data;
- date of destruction of personal data.

If uploading from the log does not allow you to specify some of the information provided above, the missing information is entered in the act of personal data destruction.

6.5.8. In the event of termination of personal data processing, the Operator sends a corresponding notification to the authorized body for the protection of the rights of personal data subjects within 10 working days from the date of termination of personal data processing (Part 7 of Article 22 of Law No. 152-FZ, clause 5.1.5 of clause 5.1 of the Methodological Recommendations, approved by the By Order of Roskomnadzor No. 94 of 30.05.2017).

6.6. Procedure for revocation of consent to the processing of personal data by a personal data subject: In accordance with part 2 of Article 9 of the Personal Data Law, a personal data subject has the right to withdraw his / her consent to the processing of personal data. Consent can be revoked in one of the following ways: by filling out the form of revocation of consent to the processing of personal data at the location of the Operator (at the address specified in clause 9 sec. 1 of the Regulations), by sending a response signed by the personal data subject and scanned to the mobile phone number or e-mail address of the Operator (using the details specified in clause 9 of sec. 1 Provisions).

7. Cookies and automatic logging

7.1. By visiting the site, the personal data subject agrees that the Operator uses certain monitoring and tracking technologies, such as cookies, beacons, pixels, tags, and scripts (collectively, "Cookies"), as well as IP address logging.

7.2. Cookies are used to provide, maintain and improve the site managed by the Operator. The operator uses cookies with tracking technologies. The Operator uses its own cookies and third-party cookies.

7.3. Cookies allow you to track the subject's use of certain functions and content categories. In the future, this allows you to focus on what is most important for the subject, make functions and content elements more accessible and easier to navigate.

7.4. The purpose of using Cookies by the Operator: to track and adapt to the interests of the subject based on their use of the Site; to analyze trends and understand what works on the site and what does not; to provide the best and most relevant content all the time. The operator uses Cookies third-party cookies to ensure fast communication with the subject, if this is necessary for the subject.

The duration of Cookies stored on the end device mainly depends on whether the Cookies are Persistent or Session-based. "Session" cookies are those that are stored until the subject closes the browser. "Persistent" cookies are those that are stored until their expiration date or until the subject deletes them (for example, by deleting the browsing history or purposefully deleting them through the browser settings). Permanent Cookies are stored for no more than 6 months from the last time you visited the Site. Please check the storage time of third-party Cookies by following the links below. Individual Cookies third-party Cookies can be stored for up to 10 years. Third parties can improve their products by changing the retention period and changing the functionality of Cookies to some extent.

8. Information about the implemented requirements for personal data protection

8.1. Information about personal data security:

- identification and authentication of access subjects and access objects;
- access control of access subjects to access objects;
- limitation of the software environment.
- protection of computer storage media on which personal data is stored and / or processed;
- registration of security events;
- anti-virus protection;
- intrusion detection (prevention).
- control (analysis) of personal data security;
- ensuring the integrity of the information system and personal data;
- protection of the virtualization environment.
- protection of technical means;
- protection of the information system, its facilities, communication and data transmission systems;
- identification of incidents (one event or a group of events) that may lead to failures or disruption of the functioning of the information system and (or) to the emergence of threats to the security of personal data, and response to them;
- managing the configuration of the information system and personal data protection system;
- for each category of personal data, the place of storage of personal data (material carriers) is determined and the list of persons who process personal data or have access to them is established;
- separate storage of personal data (physical media), which is processed for different purposes;
- when storing physical media, conditions are observed that ensure the safety of personal data and exclude unauthorized access to them. The Operator has established a list of measures necessary to ensure the security of personal data and unauthorized access to them, as well as a list of persons responsible for implementing these measures.

9. Operator's Details:

Section 2 of the Regulations. Procedure for sending an advertising newsletter

1. General provisions

1.1. This Procedure for sending advertising information (including advertising mailings) to subscribers (addressees) (hereinafter referred to as the Procedure) has been developed in compliance with the requirements of Part 1 of Article 18 of the Federal Law No. 38 – FZ of 13.03.2006 "On Advertising" (hereinafter referred to as the Advertising Law) in order to ensure and comply with the rights when sending advertising information (in particular, the Law on Advertising). including an advertising mailing list).

1.2. The procedure applies to consents provided by the addressee to the advertiser by filling out a written form and/or by providing consent through the Site.

1.3. This Procedure establishes the procedure for obtaining consent to receive advertising information (including advertising mailing) by the addressee, the procedure for sending advertising information to the addressee, general requirements for advertising information, the procedure for revoking consent by the addressee, and other conditions governing the relationship between the Advertiser and the addressee when the advertiser sends advertising information to the addressees via telecommunication networks.

1.4. The grounds for developing this Procedure are the Constitution of the Russian Federation, Federal Law No. 38-FZ of 13.03.2006 "On Advertising", Federal Law No. 152-FZ of 27.07.2006 "On Personal Data", and other applicable regulatory legal acts of the Russian Federation.

1.5. Basic concepts and definitions

website – a page on the Internet at <https://interisegroup.com/>.

advertising distributor – a person who distributes advertising, for the purposes of applying this Procedure, such a person is InteriseGroup LLC;

addressee - a person who has expressed consent to receive advertising information (including an advertising newsletter) in accordance with the procedure provided for in this Procedure;

advertising information (advertising newsletter) is information that is addressed to an indefinite number of persons, including the addressee, distributed by the advertiser over telecommunication networks with the consent of the addressee and other addressees, received in accordance with the rules established by these Rules. Advertising is aimed at attracting attention to the object of advertising, forming or maintaining interest in it, and promoting it in the market.

telecommunication networks for receiving advertising – telephone, facsimile, mobile radiotelephone communication, messages/photos/media to the addressee's phone number via WhatsApp, Telegram and other messengers, messages/photos/media of the addressee by sending to the email address;

addressee's consent – the addressee's consent received by the Advertiser in any form (written/other form including confirmation in electronic form that allows identifying the addressee) confirming the addressee's (individual's) consent to receive advertising information (including advertising mailings) via telecommunication networks from the advertiser, as well as to receive information consent to receive which, by virtue of Part 1 of the Agreement, is required by law. 1 Article 18 of Federal Law No. 38-FZ of 13.03.2006 "On Advertising" is not required, but is provided by virtue of these Rules, namely information about personal offers, personal promotions and personal bonuses (which are not advertising information);

object of advertising – products, works, and services of the advertising distributor that the ad is aimed at attracting attention to.

1.6. Basic rights and obligations of the Advertiser

1.6.1. The advertiser must:

- get the addressee's voluntary consent before sending advertising information (including advertising mailings).
- store the addressees' consent to receive advertising information (including advertising mailings) on paper during the retention periods of documents for which these terms are provided for by the legislation on Archival Affairs in the Russian Federation (Federal Law No. 125-FZ of 22.10.2004 "On Archival Affairs in the Russian Federation", a list of standard management archival documents formed in accordance with the Legislation of the Russian Federation). in the course of the activities of state bodies, local self-government bodies and organizations, with an indication of the terms of their storage (approved by Rosarkhiv Order No. 236 of 20.12.2019)) or store the consent received in electronic form.

1.6.2. The advertiser has the right to:

- send advertising information (including an advertising newsletter) to the recipients who gave their Consent;
- send other non-advertising information to recipients.

1.6.3. The addressee may:

- revoke your Consent at any time.

2. Procedure for obtaining Consent

2.1. Consent can be obtained by: drawing up a written document in which the addressee expresses consent to receive advertising information (including an advertising newsletter); other form that allows you to identify the addressee and his consent to receive advertising information (including an advertising newsletter) from the Advertising

Distributor including, but not limited to: filling out forms on the Site/filling out the form on the Website. the recipient's responses to the Advertiser's e-mail messages with a proposal to give consent to receive advertising information (including advertising mailing), in this case, consent will be considered received by sending the addressee a response message indicating the last name, first name and patronymic (if any) and the means of communication with the addressee (phone number/e-mail address) or without specifying such data, but with explicit approval of consent to receive advertising information (including advertising newsletters), if the data of the last name, first name and patronymic (if any) and means of communication have already been established earlier.

2.2. After giving Consent, the addressee is considered to have expressed prior consent to receive advertising information (including an advertising newsletter) from the Advertising Distributor.

3. Sending advertising information (including advertising mailings) to the addressee

3.1. The advertiser has the right to send advertising information (including an advertising newsletter) to the means of communication with the addressee to which the addressee has expressed consent to receive advertising information (including an advertising newsletter) and only from the means of communication that is registered on the Advertiser (phone number/email address).

3.2. The addressee is obliged to withdraw his consent to receive the mailing list before changing the mobile phone number, if he plans to return his mobile phone number to the telecom operator.

3.3. Advertising information must meet the requirements of the advertising legislation. Advertising must be fair and accurate. The following is prohibited in advertising: the use of foreign words and expressions that may lead to distortion of the meaning of information, as well as other information directly prohibited by clauses 5, 6, 7, 7.1, 10.4 of Article 5 of Federal Law No. 38-FZ of 13.03.2006 "On Advertising".
